

The Budget Brief 2012 contains a review of economic scenario and highlights of Finance Bill 2012 as they relate to direct and indirect taxes and certain other laws.

The provisions of the Finance Bill 2012 are generally applicable from 01 July 2012, unless otherwise specified.

The Budget Brief contains the comments, which represent our interpretation of the legislation, and we recommend that while considering their application to any particular case, reference be made to the specific wordings of the relevant statutes.

Economic Scenario and Budget 2012-13

The fifth continuous Budget presented in Pakistan by a democratically elected government in the parliament was shadowed by the strong protests and unruly scuffles and scenes in the National Assembly. The Finance Minister at this historic event would have wished a standing ovation and recognition. However, the change in the political scenario in the last year and the preparation for election by political parties deprived him of this recognition.

The government in Economic Survey has included its achievements since 2008 when they assumed the responsibilities which included maintaining macro-economic stability, revival of growth, decline in inflation (from 25 percent to 12 percent), strong flow of remittances, building of foreign exchange reserves and improvement in external account. The government did take several new initiatives as well, the most significant were National Finance Commission Award and abolition of concurrent list through 18th constitutional amendment.

The economy, however for the last two years has been buffeted by a number of factors including global economic downturn, continuing militant insurgency and intensification of war on terror, worst flooding, circular debt and energy crisis, which resulted in lower growth, high debts, high food inflation, inadequate employment opportunities, increasing economic inequality and public unrest due to high inflation particularly food inflation and long hours of load shedding. The strained relationship with US/NATO has further aggravated the economic situation.

The overall fiscal deficit for 2011-12 has been estimated at 7.4 percent of GDP as against the budget estimate of 4 percent (5.5 percent excluding debt consolidation of power and food arrears). The huge deficit could have a severe impact on the bank borrowings, deficit financing and inflation. In view of this, the budgeted target of 4.7 percent deficit for 2012-13 appears to be elusive.

The current decline in global oil prices and the expectation to continue at current levels in the medium to long-term and decline in other commodity prices could be a savior, provided the fiscal space is used for structural changes coupled with strict fiscal discipline and demonstrable strong austerity measures.

The tax to GDP ratio for 2012-13 has been estimated at 10.1 percent of GDP and an expected consolidated fiscal deficit of Rs.1,105 billion representing 4.7 percent of GDP as against 7.4 percent of GDP for 2011-12 (5.5 percent excluding debt consolidation of Rs.391 billion – 1.9 percent of GDP).

The Budgetary measures for 2012-13 represent a traditional attitude to the budgetary process and the estimates are exposed to a number of contingencies and risks and in no way reflect any serious and focused approach to address the ensuing challenges and threats.

The most important component of the economic strategy has to be the raising of investment and savings to be aligned with other developing economies of the region. A table has been included to give certain comparative economic indicators of Pakistan as against India, Sri Lanka and Bangladesh.

Further, the expenditure on education, health and safety nets has to be increased from current level of around 3 percent of GDP to around 8-9 percent in 3 years.

The provinces after substantially enhanced allocation under NFC award need to re-strategize the revenue generation and focused investment on social sector to ensure that the demographic advantage of population bulge results in dividends to the economy.

Budget Brief 2012 11

The political leadership and military establishment need to find a solution to current strained relationship with US and NATO with dignity in the best interest of Pakistan with an objective of containing the militancy within our boundaries and to have healthy relationships with all our neighbours, based on equality and mutual trust. The cost incurred by Pakistan on war on terrorism has not only been a severe strain on our resources but also intensified militancy within the country.

There is also an urgent need to undertake structural reforms such as energy price liberalization and power sector privatization, without which the 'band aid' measures to address the issue will be fragile and the economy would continue to suffer under the energy crisis created by circular debt problem.

The economic performance for 2012-13 needs to be reviewed in the context of the identified challenges and threats. In order to regain momentum and to exploit the true potential of Pakistan Economy, there is a need to achieve a political consensus on the National Economic Agenda and then to develop a marshal plan to implement the agenda on war footings. The macro-economic structural instability such as weak institutions, economic inequality, high ethnic diversity and demographic pressures are the challenges which need to be addressed on a priority basis.

However, the weak fiscal position is a limiting factor for short-term options and may again result in increase of subsidy bill for the government. It does require a comprehensive strategy to address the critical issues on both short-term and long-term basis.

- Compensation / additional payment for delayed refund to be paid @ 15% per annum instead of KIBOR per annum
- Default surcharge for delayed payment of tax, advance tax and withholding tax to be calculated @ 18% per annum instead of KIBOR plus three percent per quarter
- Amendments made through Finance (Amendment) Ordinance 2012 regarding taxation of capital gains on shares and securities to be incorporated into the statute through the Act of Parliament
- Income exempt under any provision of the Ordinance including Second Schedule to be included in the scope of "total income" for tax rate purposes
- Additional payment on delayed refunds to be taxed as "income from other sources"
- Tax paid or payable as final tax to be excluded for the purpose of computing minimum tax
- Return of income cannot be revised to declare taxable income less than or loss more than that determined by a best judgment order, a revised order, a provisional order, an amended order, an appeal effect order or a rectified order
- Notice for pointing out deficiency in return may be issued within 182 days from the end of financial year in which the return is furnished instead of by the end of such financial year
- Best judgment assessment made for non-filing of statement of final taxation or wealth statement to prevail over deemed assessment on the basis of return or revised return filed by the tax payer
- Provisional assessment can also be amended by the Commissioner
- The Commissioner empowered to conduct enquiries for amendment of assessment order considered as erroneous and prejudicial to the interest of revenue
- Provisional assessment will be treated as final assessment if a company fails to file return of income alongwith audited or final accounts electronically within sixty days
- Appeal not permissible against provisional or final order under section 122C
- The Commissioner (Appeals) may grant stay against recovery of tax only upto 30 days after affording opportunity of being heard to the Commissioner
- Time limit to decide appeal by Commissioner (Appeals) within four months withdrawn
- The Commissioner, Commissioner (Appeals) or Collector having three years experience as Commissioner or Collector may be appointed as Member of Appellate Tribunal
- Accountant Member may be appointed as Chairperson of the Appellate Tribunal even in normal circumstances

- The Appellate Tribunal may stay recovery of tax upto one hundred and eighty days excluding the period for which recovery was stayed by High Court
- Tax payable as a result of provisional assessment may be paid prior to expiry of sixty days from the date of service of notice of demand
- Tax required to be collected, instead of tax collected, at import stage to be treated as final tax or minimum tax as the case may be
- Tax deductible, besides tax deducted, from profit on debt, payments to non-residents, export proceeds, prizes and winnings, commission or discount allowed to petrol pump operators and brokerage and commission to be treated as final tax
- Withholding tax @ 5% not to apply to insurance premium and re-insurance premium paid to permanent establishment in Pakistan of a non-resident person
- Tax deductible at source, which has not been deducted or short deducted, may be recovered from the recipient
- The Board empowered to make scheme for introduction of tax payer honour card for individual taxpayers who fulfill criteria to be prescribed www.imranghazi.com
- Option given to the taxpayer to pay the amount of penalty voluntarily
- Default surcharge not to apply on payment of tax due after first appeal and non-filing of second appeal
- The Board and other authorities can exercise powers of subordinate authorities
- The Board may condone time limit for any act or thing to be done both by the taxpayer and by the tax authorities
- Rate of tax for retailers having turnover upto 5 million reduced from 1% to 0.5%
- Rate of advance tax on goods transport vehicle enhanced from Re. 1 per kg to Rs. 5 per kg
- Rate of advance tax on passenger transport vehicles plying for hire enhanced from Rs. 100 to Rs. 500 per seat per annum
- Advance tax on purchase of motor vehicle with engine capacity of 1301 cc to 1600 cc enhanced from Rs. 16,875 to Rs. 25,000
- Amounts received from income payment plan out of accumulated balance of pension accounts with a fund manager and / or other funds exempted from tax
- Any income of Citizens Foundation exempted from tax and donations made to the Citizens Foundation eligible for straight deduction

For more material visit www.imranghazi.com

- Profits and gains of venture capital company and fund exempted from tax upto 30 June 2024
- Reduced rate of 3% for withholding tax at import stage for industrial undertaking importing raw material for its own use subjected to production of certificate from the Commissioner
- Inter-corporate dividend and inter-corporate profit on debt exempted from withholding tax
- Electronic media also exempted from withholding tax on advertising services
- Collective investments schemes, modarabas, approved pensions funds, income payment plans, REIT schemes, private equity and venture capital funds, recognized provident funds, approved superannuation funds and approved gratuity funds exempted from tax on capital gains on disposal of securities
- Rates of tax on gain on sale of securities for insurance companies revised downwards upto tax year 2015

Sales Tax

- Higher sales tax rates at 22% and 19.5% slashed to standard rate of 16%
- Sales tax rate on import of soya-bean seed reduced from 7% to 6%
- Sales tax rate on import of rapeseed, sunflower seed and canola seed slashed to 14% from 15%
- Supply of waste paper exempted from sales tax
- Sales tax on steel sector enhanced from Rs. 6 / Kwh to Rs .8 / Kwh
- Remeltable scrap, sprinkler & drip equipments, spray pumps, etc. exempted from sales tax instead of zero-rating
- Supplies against international tenders exempted instead of zero-rating
- Provisions relating to assessment and recovery of tax consolidated

Federal Excise

- FED abolished from 15 types of goods including lubricating oil, base lube oil, perfumes and toilet waters, beauty and make up preparations, preparation for use on the hair, pre-shave, shaving or after shave preparations, personal deodorants, filter rods for cigarettes etc.
- Rate of duty enhanced on locally produced cigarettes
- Rate of duty on cement proposed to be slashed from Rs. 500 PMT to Rs. 400 PMT

- FED on domestic and international travelling proposed to be enhanced at varied rates
- FED on international travelling proposed to be restricted to embarking on journey from Pakistan only
- Live stock insurance proposed to be exempted from FED
- Asset Management Companies proposed to be exempted from FED with effect from 01 July 2007

Customs

- Duty on certain sectors / industries is proposed to be reduced from 35% to 30%
- Duty on 88 pharmaceutical raw materials reduced
- Duty on printing, stationery and self-adhesive paper reduced
- Duty incentive to indigenous industry given

Capital Value Tax

Income Tax

Significant amendments

Total income

Sections 9, 10 & 53

The heads of income specified in section 11 excludes “exempt income” which created anomaly in respect of computation of total income and set-off and carry forward of losses. The Finance Bill proposes to amend sections 9, 10 and 53 to clarify that total income shall be the sum of person’s income under all heads of income for the year and person’s exempt income.

Taxation of individuals and Association of Persons

Concessional loans to employees

Section 13

Where an employer has given loan to an employee and no interest is charged or interest charged is less than the benchmark rate provided in the Ordinance, the difference is required to be added to the taxable income of the employee and tax is required to be deducted thereon. The benchmark rate of 5% was specified during year 2003 which has been increased by 1% each year and the current benchmark rate for tax year 2012 is 14%.

The Finance Bill now proposes to cap the benchmark rate at 10% and exempt notional interest from tax where the amount of loan is Rs. 500,000 or less.

Tax rates for individuals and Association of Persons

Division I of Part I of the First Schedule

Until 2006, the individuals and Association of Persons [AoPs] were subject to tax on progressive tax rates. The Finance Act, 2006, substituted progressive tax rates with single rate card. The current rates for salaried individuals range from 1.5% to 20%, whereas, for other individuals from 7.5% to 25%, on taxable income. However, where an individual has taxable income upto Rs. 350,000 no tax is payable, but, if he earns Rs. 350,001 or more he has to pay tax on entire income.

AoPs were also subject to tax on gradual rate basis until 30 June 2010. The Finance Act, 2010, subjected AoP to tax at single rate of 25%.

The Finance Bill now proposes to re-introduce the progressive tax rates for individuals and AoPs with enhanced exemption threshold of Rs.400,000. The existing and proposed rates are tabulated in the rate cards for ready reference.

Initial allowance on building

Section 23 & Third Schedule

Under existing provisions, initial allowance at 50% is available on depreciable assets other than specified depreciable assets. The Finance Bill now proposes that initial allowance at 50% shall be available for plant and machinery only whereas in the case of building initial allowance will be restricted at 25%.

Budget Brief 2012 21

Capital Gains Tax

Capital gains on listed securities

Sections 37A, 100B and the Eighth Schedule

Effective 01 July 2010, Capital Gains arising on sale of shares of listed companies are taxable under section 37A at specified rates ranging from 0% to 10% depending upon the holding period. Such tax is presently being collected by mutual funds and collective investment schemes in relation to the investments made in such funds. In other cases, the investor is required to pay quarterly advance tax as part payment and pay the balance tax along with the return.

Through the Finance (Amendment) Ordinance, 2012 effective 24 April 2012, amendments were brought into the Ordinance specifying rules for computation and collection of Capital Gains tax on listed securities by introducing section 100B and the Eighth Schedule. These amendments have now been made part of the Bill for legislative approval. The salient features of these proposals are as follows:

- The rates of Capital Gains tax on listed securities arising in the Tax years 2013 and 2014 have been reduced as follows:

	Tax year 2013		Tax year 2014	
	Existing rate	Revised rate	Existing rate	Revised rate
Where the holding period of security is less than six months	12.5%	10%	15%	10%
Where the holding period is six months or more but less than twelve months	8.5%	8%	9%	8%

- The National Clearing Company of Pakistan Limited (NCCPL) will have the authority to compute, collect and deposit Capital Gains tax on sale of listed securities by individuals, associations of persons and companies except mutual funds, banking companies, non banking finance companies, insurance companies, modarabas, foreign institutional investors (registered with NCCPL as such); and any other person or class of persons notified by the Federal Board of Revenue (FBR). Specific rules for this purpose have been proposed through the Eighth Schedule to the Ordinance.
- The amount of Capital Gains tax collected by NCCPL shall be deposited in a separate bank account with the National Bank of Pakistan and shall be paid to FBR along with interest accrued on such account on yearly basis by 31 July next following the financial year in which the amount was collected.
- NCCPL shall issue an annual certificate to the taxpayers on the prescribed form in respect of capital gains subject to tax under the Schedule for a financial year. If required by the taxpayer or the Commissioner, certificate for a shorter period may also be issued. This certificate will be required to be submitted by the taxpayers along with the returns of income being conclusive evidence of discharge of their Capital Gains tax liability.

- NCCPL shall furnish a quarterly statement of Capital Gains and tax computed thereon in the prescribed manner and format to FBR within thirty days of the end of each quarter.
- Pakistan Revenue Automation Limited (PRAL), any other company or firm approved by FBR and any tax authority not below the level of Additional Commissioner shall conduct regular system and procedural audit of NCCPL on quarterly basis to verify the implementation of the Eighth Schedule and relevant rules.
- NCCPL shall implement the recommendations, if any of the audit report envisaged above and make adjustments for short or excessive deductions. No penal action shall be taken against NCCPL for any error, omission or mistake that occurs from application of system.
- Where the Eighth Schedule apply, the provisions of the Ordinance relating to collection and recovery of advance tax and deduction of tax at source shall not apply.
- Withholding tax at 0.01% in respect of trading of shares by the Members of a stock exchange has been withdrawn. Capital Value tax at 0.01% has however been levied on purchase of shares.

The Bill also contains amnesty provisions of the Finance (Amendment) Ordinance, 2012 whereby no inquiry as to the nature and source of investment will be made where the following conditions are fulfilled:

- the investment was made prior to 24 April 2012 (the date of coming into effect of the Finance (Amendment) Ordinance, 2012), it is maintained for a minimum period of 45 days till 30 June 2012; and a statement of investment is filed along with the return of income and wealth statement for the Tax Year 2012 by the due date for filing of return.
- the investment was made after 24 April 2012 till 30 June 2014, it is kept for a minimum period of 120 days, tax liability thereon is duly paid and a statement of investments is filed along with the return of income and wealth statement within the due date for filing of return.

A taxpayer may opt out from determination and payment of tax under the Eighth Schedule by filing an irrevocable option to NCCPL after obtaining prior approval from the Commissioner. However, in such case, the Commissioner may inquire about the nature and source of investment and provisions regarding amnesty will no more apply.

It is anticipated that the rules relating to computation of Capital Gain contained in Rule 13A to 13M may also be subject to amendments for smooth application of provisions of the Eighth Schedule.

The Finance Bill also proposes to amend provisions of section 37A to exclude exempt capital gains and to provide the formula for computation of capital gains on securities.

Tax on Capital Gains on immovable property

Section 37

The Capital Gains tax on immovable property has now been proposed as an additional revenue generating measure. The gain arising on sale of such property within two years of acquisition is proposed to be taxed in the following manner:

	Proposed rate of tax
• Where the holding period of immovable property is up to one year	10%
• Where the holding period of property is more than one year but less than two years	5%

According to the Finance Minister, the Federal Government had obtained the power to tax gain on immovable property under the eighteenth amendment to the Constitution. However, the legal position would have to be examined by constitutional experts.

Additional payment on delayed refund

Section 39

www.imranghazi.com

The courts have held that additional payment on delayed refunds is not in the nature of income hence not taxable. To nullify such judgments, the Finance Bill proposes to provide that such additional payment is to be treated as "Income from Other Sources".

Tax credits

Tax credit for investment in shares and insurance

Section 62

A person other than a company is entitled for tax credit on investment made in a tax year in shares and insurance. The eligible amount for tax credit is to be determined as lesser of:

- The total cost of acquiring the shares, or the total contribution or premium paid by the person; or
- 15% of taxable income for the year; or
- Rs. 500,000

Further, investment in shares is required to be held for 36 months.

The Finance Bill proposes to enhance the limit of 15% to 20% and the threshold of Rs. 500,000 to Rs. 1,000,000. Further, the period of holding of shares is proposed to be reduced to 24 months.

Tax credit for investment

Section 65B

A company is entitled for tax credit @ 10 per cent of the amount of investment made between 01 July 2010 and 30 June 2015 for the purpose of balancing, modernization and replacement in an industrial undertaking in Pakistan owned by it. The unutilized tax credit can be carried forward for adjustment against the tax payable of the two tax years following the year in which the tax credit arises.

Finance Bill proposes the following changes:

- The tax credit would also be available for adjustment against minimum tax liability and tax liability under the final tax regime. The Finance Bill has, however, not proposed amendments to section 169 which restricts adjustment of credits against tax liability under final tax regime.
- The tax credit is also proposed to be enhanced from 10 per cent to 20 per cent for a company setup before 01 July 2011 for investment made during 01 July 2011 and 30 June 2016.
- The unutilized tax credit for company setup before 01 July 2011 for investment made during 01 July 2011 to 30 June 2016 is proposed to be enhanced to five years following the year in which the tax credit arises.

www.imranghazi.com

Tax credit for newly established industrial undertaking

Section 65D

A company establishing and operating a new industrial undertaking with hundred per cent own equity between 01 July 2011 and 30 June 2016 is entitled for tax credit equal to hundred per cent of tax payable on taxable income for a period of five years beginning from the date of setting-up or commencement of commercial production, whichever is later.

The Bill now proposes following changes:

- To extend the tax credit to corporate dairy farming.
- The tax credit is proposed to be available for adjustment against minimum tax liability and tax liability under the final tax regime. The Finance Bill, however, has not proposed amendments to section 169 which restricts adjustment of credits against tax liability under final tax regime.
- Industrial undertaking is to be set up with hundred per cent equity raised through issuance of new shares for cash consideration.
- Loan obtained for the purpose of working capital from banking companies and non-banking financial institutions shall be excluded for entitlement of tax credit.
- The period of five years for tax credit shall commence from the date on which the industrial undertaking is ready to go into trial production or commercial production, whichever is later.

For more material visit www.imranghazi.com

Tax credit for industrial undertakings established before 01 July 2011

Section 65E

A company is entitled for tax credit against tax payable in the same proportion which exists between the total investment made by the industrial undertaking in the purchase and installation of plant and machinery with hundred per cent equity for the purpose of balancing, modernization or replacement and for expansion of plant and machinery already installed in industrial undertaking set-up in Pakistan before 01 July 2011.

The Bill now proposes following changes:

- The scope of tax credit is extended to corporate dairy farming.
- Investment is to be made with hundred per cent new equity raised through issuance of new shares and for that purpose, loan obtained by the company from directors or shareholders is not to be taken as part of “new equity”.
- Loan obtained for the purpose of working capital from banking companies and non-banking financial institutions shall be excluded for entitlement of tax credit.
- In addition to the expansion of plant and machinery already installed, the scope of tax credit is extended for undertaking a new project. www.imranghazi.com
- Tax credit is to be allowed for period of five years beginning from the date of setting-up or commencement of commercial production, whichever is later.
- Tax credit shall be allowed:
 - where a taxpayer maintains separate accounts for expansion project or a new project, equal to one hundred per cent of the tax payable, including minimum tax and tax payable under final tax regime; and
 - in other cases, equal to such proportion of the tax payable, including minimum tax and tax payable under final tax regime, as is the proportion between new equity and total equity including new equity.
- The tax credit is proposed to be available for adjustment against minimum tax liability and tax liability under the final tax regime. The Finance Bill does not, however, propose amendment in section 169 which restricts adjustment of credits against tax liability under final tax regime.

Cost of assets

Section 76

Section 76 of the Ordinance provides broad principles for determination of cost of assets. The Finance Bill now proposes to authorize the Board to prescribe rules for determination of cost for any asset.

Consideration received on disposal of asset

Section 77

Currently, section 77 of the Ordinance provides broad principles for determination of consideration received on disposal of assets. The Finance Bill now proposes to authorize the Board to prescribe rules for determination of consideration received on disposal of assets.

Treatment of branch profits as dividend

Section 19 & 101

Remittance of after tax profits of a branch of a foreign company operating in Pakistan was included in the definition of dividend vide the Finance Act, 2008. However, the taxation of such profits as dividend has been subject matter of dispute as provisions of section 101(6) were not amended to bring such profits within Pakistan-source dividend. The Finance Bill now seeks to remove this anomaly to treat such profits as Pakistan-source dividend.

Minimum tax

Section 113

www.imranghazi.com

Section 113 of the Ordinance provides for charge of minimum tax at 1% of turnover (excluding turnover falling under Final Tax Regime) where there is no tax payable or the tax payable is less than 1% of turnover. The existing provisions do not specify as to whether or not "tax payable or paid" includes tax liability under final tax regime.

The Finance Bill proposes to insert explanation in respect of "tax payable or paid" to exclude tax already paid or payable in respect of deemed income falling under FTR.

One percent turnover tax rate is generally considered high and requires appropriate reduction.

Tax on income of retailers having turnover upto Rs. 5 million

Section 113A

An individual or Association of Persons has an option for payment of tax at 1% of turnover as final tax. This rate is now proposed to be reduced to 0.5%.

Return of income

Section 114

A return of income can currently be revised subject to the conditions that the return is accompanied by the revised accounts or revised audited accounts and the reasons for revision of return are submitted in writing.

For more material visit www.imranghazi.com

The Finance Bill proposes to introduce another condition for revision of income tax return thereby restricting the taxpayers from reducing the taxable income or enhancing the loss as determined under the best judgment assessment under section 121, an amended assessment order under section 122, revision order issued under section 122A, the provisional assessment under section 122C, order of the Commissioner Inland Revenue (Appeals) under section 129, order of the Appellate Tribunal Inland Revenue under section 132, order of the High Court under section 133 or rectified order under section 221 of the Ordinance.

Assessments

Original assessment

Section 120

A return of income filed is treated as assessment order issued by the Commissioner. The Commissioner Inland Revenue may, however, issue notice to the taxpayer to provide such information, particulars, statements or documents to remove the deficiencies in the return of income. The time limit provided for the purpose is upto the end of the financial year in which the return of income is furnished.

The Finance Bill now proposes to extend the aforesaid time limit by 180 days from the end of the financial year in which the return is furnished.

www.imranghazi.com

Best judgment assessment

Section 121

Under the existing law, a person is entitled to file or revise the return of income even after best judgment assessment was made by the Commissioner. The Finance Bill proposes to treat a return of income or revised return as invalid after the best judgment assessment has been made by the Commissioner.

Amendment of assessments

Section 122

The Commissioner is empowered to amend the assessment made under sections 120 or 121 of the Ordinance either:

- Under specific circumstances on the basis of definite information acquired through audit or otherwise under section 122(5); or
- Where he considers that the assessment order is erroneous in so far it is prejudicial to the interest of revenue under section 122(5A).

The Finance Bill now propose to empower the Commissioner to amend provisional assessment made under section 122C also.

Further, the Finance Bill proposes to remove the references to the assessments made under the repealed Income Tax Ordinance, 1979, being redundant as such assessments have now become time barred.

Further, the Finance Bill also proposes to empower the Commissioner to make or cause to be made such enquiries as he deems necessary before amendment of assessment under section 122(5A) of the Ordinance.

The appellate authorities have held in a number of cases that the Commissioner is not empowered to make enquiries before amendment of assessment under section 122(5A), meaning thereby that the amendment under section 122(5A) can only be made where the matter is apparent as erroneous in so far it is prejudicial to the interest of revenue. The Finance Bill now proposes to empower the Commissioner to make or cause to be made such enquiries as he deems necessary before considering the assessment as erroneous and prejudicial to the interest of revenue. The proposed amendment embeds audit powers within revisional jurisdiction.

Provisional assessment

Section 122C

In order to remove the ambiguity from the current provisions of section 122C of the Ordinance as regards its applicability on 'company', the Finance Bill proposes to specifically provide for the time limit of sixty days for filing of return separately for "individual and association of persons" and "company".

Appeal to the Commissioner (Appeals)

Sections 127, 128 & 129

www.imranghazi.com

The Finance Bill proposes to provide specific powers to the Commissioner (Appeals) for grant of stay upto thirty days in aggregate against the recovery of the tax demand.

The Commissioner (Appeals) currently is required to pass order in appeal under section 127 of the Ordinance within four months from the end of the month in which the appeal is lodged, provided that the taxpayer personally serves a notice to the Commissioner (Appeals) at least thirty days before the expiration of four months. The Finance Bill now proposes to remove such time limitation for passing the order in appeal under section 129 of the Ordinance.

The proposed amendments at one hand restrict vested powers of the Commissioner (Appeals) to grant stay of demand and, on the other hand, remove time limitation for decision in appeals. It is suggested that in the cases of grant of stay of demand, the Commissioner (Appeals) should also statutorily be made bound to decide the appeals within the period of stay of demand.

Appellate Tribunal

Appointment of the Appellate Tribunal

Section 130

The Finance Bill seeks to reduce the requirement of experience for appointment of accountant member of the Appellate Tribunal from five years to three years as Commissioner or Collector.

Further, the Bill also proposes for appointment of the accountant member as the Chairperson of the Appellate Tribunal.

For more material visit www.imranghazi.com

Stay of demand by the Appellate Tribunal

Section 131

Presently the Appellate Tribunal is empowered to grant first stay of demand without hearing the respondent upto a period of thirty days. The Finance Bill purposes that the Tribunal can only grant stay, after hearing of respondent Commissioner, upto aggregate period of 180 days, excluding the period of stay granted by the High Court.

Due date for payment of tax assessed under the provisional assessment

Section 137

The tax assessed as a result of provisional assessment under section 122C is payable immediately after a period of 60 days from the date of service of the notice. The Finance Bill now seeks to allow the option to the taxpayer to make payment of tax prior to expiry of sixty days from the date of service of the provisional assessment order.

Withholding tax

www.imranghazi.com

Tax deducted or deductible to be treated Final Tax

Sections 148, 151, 152, 153, 154, 156, 156A, 169 & 233

Presently, tax deducted or collected is treated as discharge of final tax liability in respect of commercial imports, profit on debts in specified cases, payments to non-residents for construction and related services or insurance / re-insurance premium, sale of goods or execution of contracts in specified cases, exports and indenting commission, prizes and winnings, commission or discount on petroleum products and brokerage and commission. Where tax was not collected or deducted as required under withholding provisions of the Ordinance, there arose a question whether such amount should be subject to tax under FTR or net income basis.

The Bill proposes that an amount shall be subject to tax under FTR, where the tax is required to be deducted or collected, irrespective that the tax has been deducted / collected or not or short deducted / collected. Corresponding amendments have also been proposed in section 169 of the Ordinance.

Payments to non-residents

Sections 152, 153 & 153A, First Schedule

Section 153(1) contains provisions relating to withholding tax from payments to residents and permanent establishment of non-residents. Whereas, section 152 contains withholding tax provisions from payments to non-residents. The Finance Bill proposes to consolidate the withholding tax provisions pertaining to non-residents in section 152. Accordingly, permanent establishment has been proposed to be excluded from section 153(1) and for the purpose of section 152 corresponding withholding tax rates have been provided in First Schedule. However, corresponding amendments have not been proposed in section 152.

The Finance Bill also proposes to incorporate withholding tax provisions contained in existing section 153A relating to non-resident media persons in section 152.

For more material visit www.imranghazi.com

Further, under the existing provisions of section 153 tax deducted from permanent establishment on sale of goods and execution of contract is treated as final tax. However, the proposed amendments do not clarify as to whether this final tax will continue or not.

It is also proposed that payment of insurance / re-insurance premium to permanent establishment of non-resident person shall not be subject to withholding of tax under section 152(1AA) subject to written permission of the Commissioner.

Collection of tax from Wholesalers and Distributors

Section 153A

The Finance Bill seeks to provide for 1% advance tax to be collected by a manufacturer on sale of goods to a distributor, wholesaler, and dealer. The tax so collected will be adjustable against tax liability of the recipient. The proposed provision appears to be aimed at documentation of economy as well as broadening of tax base.

Cash withdrawal from banks

Section 231A

www.imranghazi.com

The Finance Bill proposes to enhance the threshold for cash withdrawal from Rs. 25,000 to Rs 50,000.

Tax on private motor vehicles

Section 231B & Div VII, Part IV, First Schedule

Presently, the rates for motor vehicles of engine capacity of 1001cc to 1300cc and 1301cc to 1600cc are same i.e. Rs. 16,875. The Finance Bill proposes to enhance the rate of tax to Rs. 25,000 for motor vehicles of engine capacity 1301cc to 1600cc.

Collection of tax on stock exchanges' transactions

Sections 233A & 233AA

The stock exchanges are required to collect 0.01% withholding tax on purchase price of listed shares. The Finance Bill proposes to substitute the said withholding tax by 0.01% CVT.

Presently, a stock exchange is required to collect tax from its members on financing of carryover trades in share business at 10%. The Finance Bill proposes to omit the relevant provisions in section 233A and insert a new section 233AA to provide for collection of advance tax by NCCPL in respect of margin financing in shares business. However, for the purpose of section 233AA, rates provided for section 233A have been referred which deals with carryover trades. This anomaly needs to be addressed in the Finance Act appropriately.

For more material visit www.imranghazi.com

Stock exchanges shall however continue to collect tax from its members on purchase and sale of shares in lieu of commission earned by such members.

Tax on motor vehicles

Section 234 & Div III, Part IV, First Schedule

The Finance Bill proposes to enhance the rate of collection of tax on motor vehicles as follows:

- On goods transport vehicle – From Rs. 1 / kg to Rs. 5/ kg.
- On passenger transport vehicles with capacity of 20 persons or more – From Rs. 100 to Rs. 500 per seat per annum.

Additional payment for delayed refunds

Section 171

The rate of compensation on delayed refund at KIBOR is proposed to be replaced by 15 per cent per annum of the amount of refund.

www.imranghazi.com

Taxpayer Card

Section 181A

As a measure of broadening of tax base and to encourage the individual taxpayers to come into the tax net, the Finance Bill seeks to insert section 181A to the Ordinance thereby empowering the Board to make scheme for the introduction of a taxpayer honour card for individual taxpayers who fulfill minimum criteria for eligibility of benefits as contained in the scheme. The scheme is yet to be announced.

Offences and penalties

Section 182

The Finance Bill proposes to provide option of voluntary payment of penalty before passing of order by the Commissioner Inland Revenue, Commissioner Inland Revenue (Appeals) or the Appellate Tribunal Inland Revenue.

Default Surcharge

Section 205

The rate of default surcharge on failure to pay tax, advance tax, withholding tax and penalties etc. on or before the due date at KIBOR plus 3 per cent per quarter is proposed to be replaced by 18 per cent per annum of the amount of tax or penalty as the case may be.

The Finance Bill also proposes waiver of default surcharge in case the person opts to pay the tax due on the basis of an order of the Commissioner Inland Revenue (Appeals) under section 129 on or before the due date of tax under the assessment order / amended assessment order or the order under section 161 of the Ordinance, as the case may be, and does not file an appeal before the Appellate Tribunal Inland Revenue.

Income tax authorities

Sections 207 & 211

The Finance Bill proposes to rationalize the hierarchy by making all the authorities as subordinate to the Federal Board of Revenue. The Finance Bill also proposes to insert sub-section (3) in section 211 thereby empowering the Income Tax Authorities to exercise the powers conferred upon any subordinate authority.

www.imranghazi.com

Condonation of time limit

Section 214A

The Board is empowered to condone time limitations and permit that an application to be made, or an act or thing to be done can be made or done within such time or period as the Board considers appropriate. However, it is not clear under the existing provisions as to whether or not the aforesaid powers of condonation apply to the time limits provided for the acts or things to be done by the authorities or by the taxpayers under the Ordinance. The Finance Bill now proposes to insert explanation to cover specifically the acts or things to be done both by the taxpayers and the authorities.

There is likelihood that the power of condonation in respect of acts or things to be done by the authorities may be misused to the detriment of taxpayers' interest which may accrue due to lapse of time for instance condonation of time limit provided for amendment of assessment, rectification of orders, audit or maintenance of records, etc. Therefore, it is suggested that the aforesaid powers of condonation should not apply where such condonation becomes prejudicial to the interest of taxpayers. It is further suggested that the taxpayers should be given opportunity of being heard before any condonation that adversely affects the taxpayer.

Director General (Intelligence and Investigation), Inland Revenue

Section 230

The Finance Bill proposes to introduce Directorate General for Intelligence and Investigation of Inland Revenue. The Board shall be empowered to appoint a Director General, Directors, Additional Directors, Deputy Directors,

For more material visit www.imranghazi.com

Assistant Directors and other officers for the purpose. The Directorate shall exercise such powers as may be assigned by the Board.

Exemptions and concessions

Exemptions from Tax

Clauses 23B, 23C, 61, 66 & 101 of Part I of the Second Schedule

The Finance Bill proposes amendments to Part I of the Second Schedule to the Ordinance to provide exemption from tax to certain classes of income and taxpayers as follows:

- The Bill proposes insertion of clause (23B) in Part I of the Second Schedule to the Ordinance providing for exemption on payment representing monthly installment from an income payment plan invested out of the accumulated balance of an individual pension account under the Voluntary Pension System Rules, 2005 [VPS Rules 2005], subject to the condition that the accumulated balance is invested for a period of 10 years.
- Through insertion of clause (23C), the Bill proposes exemption on the amount withdrawn out of accumulated balance from approved pension fund that represents the transfer of balance of approved provident fund to the said approved pension fund under the VPS Rules, 2005.
- The Finance Bill proposes to insert 'The Citizen Foundation' in clause 61 & 66 of Part-I of Second Schedule to approved donation paid to Foundation as tax deductible and to exempt income of the Foundation from tax.
- The exemption contained in clause (101) from tax to a venture capital company and venture capital fund registered under the Venture Capital Companies and Funds Management Rules, 2000 and a private equity and venture capital fund ends on 30 June 2014. The Bill proposes to extend it to 30 June 2024.

Reduction in tax rate

Clause 9 of Part II of the Second Schedule

Presently, a reduced withholding tax rate of 3% applies against a general rate of 5% on import of raw materials by an industrial undertaking for its own use. To avoid misuse of this facility, the Finance Bill now proposes to restrict the benefit of reduced rate to cases where an exemption certificate has been issued by the Commissioner.

Exemptions from specific provisions

Clauses 11B, 11C, 16A & 47B of Part IV of the Second Schedule

- Inter-corporate dividend between group companies entitled to group taxation or group relief is exempt from tax. The Finance Bill proposes corresponding amendment to exempt the same from incidence of

For more material visit www.imranghazi.com

withholding tax and to further extend the benefit of such exemption to profit on inter-corporate lending within the group by proposed insertion of clauses (11B) & (11C).

- Exemption from withholding on advertisement services rendered by news print media is now proposed to be extended to electronic media vide proposed clause (16A).
- Exemption from withholding tax contained in clause (47B) on dividend, commission and profit given to approved retirement schemes and collective investment schemes is proposed to be extended to tax on Capital Gains on listed securities.

Opting out from Final Tax Regime

Clauses 41A, 41AA and 41AAA of Part IV of the Second Schedule

The Bill provides options to certain taxpayers presently paying taxes under the Presumptive or Final tax regime [FTR] of the Ordinance to opt for Normal tax regime [NTR], provided the tax liability under NTR does not fall below a certain percentage of the tax already deducted or collected, in the following manner:

- In case of commercial importers where tax withheld at the time of imports constitutes final tax under FTR, the tax liability under NTR must be at least 60% of tax collected on imports;
www.imranghazi.com
- In case of an exporter or an export indenting agent, the tax liability under NTR must be at least 50% of tax deducted on exports or commission as the case may be;
- Where tax deducted on sale of goods is final, the tax liability under NTR must be at least 70% of tax deducted on sale of goods.

Insurance companies

Fourth Schedule

In the case of insurance companies, the rates of tax on capital gain on securities have been proposed to be revised which are given in rates card.

Taxation of exploration and production companies

Fifth Schedule

There have been long outstanding disputes in respect of tax payable by the exploration and production [E&P] companies revolving around implications under clause 2 of the Schedule to the Mining Act 1948 and taxation clauses of respective Petroleum Concession Agreements [PCAs] wherein ceiling and floor of tax rates have been provided.

E&P companies have been discharging tax obligation as per taxation clause of respective PCAs, at the higher of (i) 55% on profits and gains, and (ii) 50% of profits and gains before deducting royalty.

For more material visit www.imranghazi.com

However, FBR has been contending that clause 2 of the schedule of the Mining Act has prescribed a ceiling of 55% and floor of 50% to be applied on “profit and gains before payments to the government such as royalty”. On the contrary, PCA required that 55% ceiling is required to be applied on “profit and gains only” which is inconsistent with the Mining Act.

This issue has recently been decided by a larger bench of Appellate Tribunal Inland Revenue, Islamabad in favor of FBR and E&P companies are contesting this matter before apex courts.

The Finance Bill proposes to provide an option to E&P companies to pay tax @40% of profit and gain, net of royalty, for tax year 2012 and onwards, provided the company:

- Withdraws pending appeals, references and petitions before any appellate fora; and
- Makes payment of whole outstanding liability created under the Ordinance upto tax year 2011 by 30 June 2012

Taxation of banking companies

www.imranghazi.com

Seventh Schedule

Dividend

Currently, dividend received by the banking company from its asset management company is taxed at the rate of 20% as against general tax rate of 10%.

The Finance Bill proposes to prescribe enhanced tax rate on dividend received by a banking company from Money Market Funds and Income Funds to 25% for Tax Year 2013 and to 35% for Tax Year 2014 and onwards. After the proposed amendment dividend received by a banking company from different sources shall be charged to tax in the following manner:

- Dividend received from its asset management company 20%
- Dividend received from Money Market Funds and Income Funds:
 - For the Tax Year 2013 25%
 - For the Tax Year 2014 and onwards 35%
- Dividend received from other sources 10%

Advance tax

Earlier, another important amendment was introduced vide SRO 561(I)/2012 dated 24 May 2012 whereby Rule 5 was amended to oblige banking companies to prepare & file estimate with the Commissioner before the installment due on 15 June and in case tax payable was likely to be more than the basis on which advance tax was being discharged, fifty percent of such estimate was required to be discharged by 15 June (after adjustment of amount earlier paid) and balance fifty percent was to be paid in six equal installments.

It is pertinent to mention that in order to comply with this requirement, the banking companies were obliged to estimate their ultimate tax liability about seven months before their financial closing.

Tax Rate Card

The Finance Bill proposes to revise tax rates for individuals deriving income from salary, other than salary and association of persons. The proposed rates are applicable with effect from 01 July 2012 (tax year 2013) except where otherwise specified.

For ready reference of the readers, we have tabulated the existing and proposed rates in following manner.

www.imranghazi.com

1. Salary individuals

Clauses (IA), Div I, Part I, First Schedule

S. No.	Taxable income (Rs.)	Existing %	Proposed %
1	Upto 350,000	0	0
2	350,001 to 400,000	1.50	0
3	400,001 to 450,000	2.50	5% of the amount exceeding Rs. 400,000
4	450,001 to 550,000	3.50	
5	550,001 to Rs.650,000	4.50	
6	650,001 to 750,000	6.00	
7	750,001 to 900,000	7.50	Rs. 17,500 + 10% of the amount exceeding Rs. 750,000
8	900,001 to 1,050,000	9.00	
9	1,050,001 to 1,200,000	10.00	
10	1,200,001 to 1,450,000	11.00	
11	1,450,001 to 1,500,000	12.50	
12	1,500,001 to 1,700,000	12.50	Rs. 92,500 + 15% of the amount exceeding Rs. 1,500,000
13	1,700,001 to 1,950,000	14.00	
14	1,950,001 to 2,250,000	15.00	
15	2,250,001 to 2,500,000	16.00	
16	2,500,001 to 2,850,000	16.00	Rs. 242,500 + 20% of the amount exceeding Rs. 2,500,000
17	2,850,001 to 3,550,000	17.50	
18	3,550,001 to 4,550,000	18.50	
19	4,550,001 and above.	20.00	

www.imranghazi.com

- a) tax liability of a person aged 60 years or more, and whose taxable income does not exceed rupees one million, is reduced by 50%.
- b) tax credits for investment in shares, life insurance premium, specified donations, contribution to pension fund and profit on debt on housing loan is allowable against the tax liability.

The impact on the tax liability under the proposed rates are given in page No. 44.

2. Individuals (other than salaried individuals) and association of persons (AOP)

Clauses (I), Div I, IB Part I, First Schedule

S. No.	Taxable income (Rs.)	Existing %		Proposed %
		Individual	AOP	
1	Upto 350,000	0	25	0
2	350,001 to 400,000	7.5	25	0
3	400,001 to 500,000	7.5	25	10% of the amount exceeding Rs. 400,000
4	500,001 to 750,000	10	25	
5	750,001 to 1,000,000	15	25	Rs. 35,000 + 15% of the amount exceeding Rs. 750,000
6	1,000,001 to 1,500,000	20	25	
7	1,500,001 to 2,500,000	25	25	Rs. 147,500 + 20% of the amount exceeding Rs. 1,500,000
8	2,500,001 and above	25	25	Rs. 347,500 + 25% of the amount exceeding Rs. 2,500,000

The impact on the tax liability on individuals other than salaried individuals under the proposed rates are given at page No. 45.

Budget Brief 2012 51

www.imranghazi.com

Sales Tax Act, 1990

Significant amendments

Higher sales tax rates of 22% and 19.5% slashed to standard rate of 16%

SRO.644(I)/2007 rescinded vide SRO.594(I)/2012, dated 01 June 2012

Higher rates of sales tax applicable at 22% and 19.5% on large number of raw materials, chemicals, paper and paperboards, aluminium, steel products, etc. have been slashed to standard rate of 16% by rescinding of SRO.644(I)/2007, dated 27 June 2007 effective from 02 June 2012. The products mentioned in Table-I and Table-II of SRO.644 would now uniformly be subject to levy of sales tax at standard rate of 16%.

Provisions relating to assessment and recovery consolidated

Sections 11 and 36

The Finance Bill seeks to omit Section 36 of the Act and simultaneously substituting Section 11 of the Act, combining the existing provisions of Section 11 and Section 36 of the Act related to assessment and recovery of tax not levied or short-levied or erroneously refunded under the proposed Section 11 of the Act.

Additionally, under the proposed version, where the recovery of sales tax pertains to cases of inadvertent / non-wilful default, the time limitation of three years has been enhanced to five years, thus, the time limitation for assessment and recovery of sales tax due is being generalized to five (5) years irrespective of the nature of default.

www.imranghazi.com

Furthermore, the following other changes may also be noted under the proposed version of Section 11:

1. The assessment order is required to be passed within one hundred and twenty (120) days of the date of issuance of show cause notice or within such extended period as the Commissioner may, for reasons to be recorded in writing, provided that such extended period shall in no case exceed ninety (90) days. Under the existing provisions of Sections 11 (4) and 36(3), the Commissioner is empowered to extend the time limit for issuance of order for sixty (60) days only.
2. Maximum time of sixty (60) days can now be excluded from the time limit prescribed for finalizing the proceedings, which shall be on account of the period during which any case will remain adjourned on the request of the registered person or due to any stay order or proceedings of Alternate Dispute Resolution. Presently, Sections 11(4) and 36(3) allow for the exclusion of maximum time limit to the tune of thirty (30) days.

Replacing zero-rating with exemption for supplies against international tenders

The Bill seeks to omit Entry No.4 of Fifth Schedule to the Act, which provides zero-rating of sales tax on supplies made against international tenders. Corresponding amendment is also proposed under Sr.No.12 to Table-2 of Sixth Schedule, whereby exemption of sales tax will be available on supplies against international tender. This appears to be a revenue measure as no refund of input tax would be admissible in respect of supplies made against international tender in consequence of this conversion of zero-rating to sales tax exemption regime. Corresponding procedural amendments have also been made under Chapter VIIA of Sales Tax Special Procedure Rules, 2007.

Revision of Tariff / PCT Headings

Sixth Schedule – Table-1

Due to introduction of HS-2012 version of Pakistan Customs Tariff this year, certain PCT headings under Sixth Schedule to the Act have been aligned as per following table:

S. No.	Description of goods	Existing PCT heading	New PCT Heading
1	Live animals and live poultry	0101.1000	0101.2100 & 0101.3100
		0102.1020	0102.2110
		0102.1030	0102.2120
		0102.1040	0102.2130
		0102.1090	0102.2190
		0102.9010	0102.3900
		0102.9020	0102.2910
		0102.9030	0102.2920
		0102.9040	0102.2930
		0102.9090	0102.2990, 0102.9000
11	Eggs including eggs for hatching	0407.0010	0407.1100, 0407.1900
		0407.0090	0407.2100, 0407.2900
15	Edible fruits excluding imported fruits (except fruits imported from Afghanistan) whether fresh, frozen or otherwise preserved but excluding those bottled or canned.	0808.2000	0808.3000, 0808.4000
16	Red chillies excluding those sold in retail packing bearing brand names and trademarks.	0904.2010	0904.2110
		0904.2020	0904.2210
31	Holy Quran, complete or in parts, with or without translation; Quranic Verses recorded on any analogue or digital media; other Holy books.	8523.4010	8523.4910
		8523.4030	8523.4920
		8523.4090	8523.4190

Significant amendments in Sales Tax Rules, 2006

SRO.589(I)/2012, dated 01 June 2012

- Second proviso to Rule 5 of Sales Tax Rules, 2006 is added, which provides discretion to the Board to transfer the registration of any registered person or any business unit of a registered person to an area of jurisdiction, where the place of business or registered office or manufacturing unit is located.
- Rule 7 of Sales Tax Rules deals with changes in particulars of registration, however it does not specifically cater to the situation where the legal status of the registered person is changed. Now, a new sub-rule (4) is added to Rule 7, whereby the procedure to effect change in legal status i.e. from individual business to AOP or company has been described. It is also clarified that a new sales tax registration number shall be issued in case of transfer of business or change in nature on any other account.
- Sub-rules (1), (2), (3), (4) & (5) of Rule 12 shall be substituted, wherein the procedures relating to black-listing and suspension of registration were described. By virtue of the substituted rule, the procedure prescribed by the Board shall be followed, where the Commissioner or Board has reasons to believe that the registered person is to be suspended or black-listed.
- Procedure laid down under Chapter IX of Sales Tax Rules for describing procedures applicable for taxpayers' authorized representatives will also apply for representations before Board and any officer of the Board.

www.imranghazi.com

Significant amendments in Sales Tax Special Procedure Rules, 2007

SRO.592(I)/2012, dated 01 June 2012

- Rule 58E of Chapter X of captioned Rules provides immunity to commercial importers except with the permission of the Board, who do not claim any refund of excess input tax. This Rule is now omitted as such the commercial importers may not avail immunity from audit.
- Chapter XI of captioned Rules provides special tax regime for steel melting, steel re-rolling, ship breaking units, Pakistan Steel Mills, Heavy Mechanical Complex and Peoples Steel Mills. The tax regime is revamped for these registered persons, whereby the rate of sales tax on steel sector has inter-alia been enhanced from Rs.6/Kwh to Rs.8/Kwh effective from 02 June 2012.

Significant Sales Tax Notifications

SRO.590(I)/2012, dated 01 June 2012

Through this notification, SRO.1020(I)/2006, dated 2 October 2006, has been amended to exclude the commercial importers from the purview of minimum value addition of 10% for payment of sales tax on supply of computer hardware and parts thereof.

For more material visit www.imranghazi.com

SRO.591(I)/2012, dated 01 June 2012

This amends SRO.811(I)/2009, dated 19 September 2009, wherein sales tax zero-rating facility was provided along with exemption of customs duty on import and supply of polyethylene and polypropylene meant for manufacture of non-filament yarn and net cloth subject to specified condition laid down therein. Now, the zero-rating is replaced by sales tax exemption on the similar conditions.

www.imranghazi.com

Federal Excise Act, 2005 and Rules

Significant amendments

First Schedule to the Federal Excise Act, 2005

Table-I Excisable goods

Cigarettes – Sr. No. (9), (10) and (11) of First Schedule

Through the Finance bill the retail price of locally produced cigarettes is enhanced to twenty two rupees and eighty six paise from twenty one rupees per ten cigarettes. Furthermore, the Finance Bill seeks to enhance the rate of FED on cigarettes with effect from 02 June 2012 as per the following table:

S. No.	Product	PCT Heading	Old rate of FED	New rate of FED
10	Locally produced cigarettes if their retail price exceeds thirteen rupees and thirty six paise per ten cigarettes but does not exceed twenty two rupees per eighty six paise per ten cigarettes.	24.02	Six rupees and four paise per ten cigarettes plus seventy percent per incremental rupee or part thereof.	Seven rupees and two paise per ten cigarettes plus seventy percent per incremental rupee or part thereof.
11	Locally produced cigarettes if their retail price does not exceed thirteen rupees and thirty six paise per ten cigarettes.	24.02	Six rupees and four paise per ten cigarettes	Seven rupees and two paise per ten cigarettes

In light of the above enhancement in the duty on cigarettes the following restrictions are also imposed on manufacturers or importers:

- 1 The manufacturers are restricted from reducing price of cigarettes from the level prevailing on the day of the announcement of this Budget.
- 2 No manufacturer or importer can sell new cigarette brand variant of the existing family brand at the price lower than the lowest actual price of the existing variant of the same brand family, the lowest price being the price on the day of announcement of this Budget.
- 3 A new brand of cigarette introduce in market shall not be priced / sold at a price lower than 5% of the price of the Most Popular Price Category that is the highest price on which excise duty was paid in the previous fiscal year.

Cement – Sr. No. (13) of First Schedule

The Finance Bill seeks to cut down the rate of FED on specific brands of cement from Rs.500 PMT to Rs.400 PMT effective 01 July 2012. This proposal is considered to give boost to the cement industry, construction and development activities in the Country.

For more material visit www.imranghazi.com

FED withdrawal on 10 items

The Finance Bill seeks to withdraw FED on the following goods with effect from 02 June 2012:

S. No.	Description of Goods	PCT heading	Old Rate of FED
22	Lubricating oil in packs not exceeding 10 litres	2710.1951	Ten percent of the retail price
23	Lubricating oil in packs exceeding 10 litres	2710.1952	Ten percent of the retail price
24	Lubricating oil in bulk (Vessels, boozers, lotteries etc.)	2710.1953	Seven rupees and fifteen paisa per litre
25	Lubricating oil manufactured from reclaimed oils or sludge or sediment, subject to the condition if sold in retail packing or under brand names the words manufactured from reclaimed oil or sludge or sediment should be clearly printed on the pack	Respective headings	Two rupees per litre
27	Base lube oils	2710.1993	Seven rupees and fifteen paisa per litre
42	Perfumes and toilet waters	3303.0000	Ten percent of retailer price if packed in retail packing and ten percent ad valorem if in bulk
43	Beauty or make-up preparations and preparations for the care of the skin (other than medicaments), including sunscreen or sun tan preparations; manicure or pedicure preparations	33.04	Ten percent of retailer price if packed in retail packing and ten percent ad valorem if in bulk
44	Preparations for use on the hair excluding herbal hair oil and kali mehndi	33.05	Ten percent of retailer price if packed in retail packing and ten percent ad valorem if in bulk
45	Pre-shave, shaving or after-shave preparations, personal deodorants, bath preparations, depilatories and other perfumery, cosmetic or toilet preparations, not elsewhere specified or included; prepared room deodorizers, whether or not perfumed or having disinfectant properties (excluding agarbatti and other odoriferous preparations which operate by burning)	33.07	Ten percent of retailer price if packed in retail packing and ten percent ad valorem if in bulk

S. No.	Description of Goods	PCT heading	Old Rate of FED
50	Filter rods for cigarettes	5502.0090	Twenty percent ad valorem

Table-II Excisable services

Facility for travel- Sr. No. 3

The Finance Bill seeks to enhance the rate of FED on facility for air travel both international and domestic with effect from 01 July 2012 as per the following table:

S. No.	Description of services	PCT Heading	Old rate of FED	Proposed rate of FED
3	a) Services provided or rendered in respect of travel by air of the passenger within the territorial jurisdiction of Pakistan.	9802.1000	Sixteen percent of the charges plus rupees twenty per ticket	Sixteen percent of the charges plus rupees sixty per ticket
	b) Services provided or rendered in respect of travel by air of the passengers embarking on international journey from Pakistan, -	9803.1100		
	i. Economy and economy plus.		Three thousand two hundred and forty rupees	Three thousand eight hundred and forty rupees
	ii. Club, business and first class.		Four thousand two hundred and forty rupees	Six thousand eight hundred and forty rupees

Third Schedule to the Federal Excise Act, 2005

Table-II Exemption on services *Exemption*

The finance Bill seeks to exempt following services from FED:

- Live stock insurance; and
- Services provided by Asset Management Companies with effect from 01 July 2007.

Significant amendments in the Federal Excise Rules, 2005

SRO 600 (I) / 2012 dated 01 June 2012

This SRO amends the Rule 41A of the Federal Excise Rules, 2005 in the FED structure with best international practice of collection of FED on air travel on journey commencing from Pakistan only. FED was previously also chargeable on journey commencing from foreign destination to Pakistan.

Further, this SRO puts the liability to charge, collect and pay FED on the airline operating in Pakistan which uplifts passengers from Pakistan of another airline.

These amendments are effective from 01 July 2012.

Significant Federal Excise Duty Notifications

SRO 598 (I) /2012 dated 01 June 2012

Through this SRO, amendment has been made in the SRO 649(I) / 2005 dated 01 July 2005 thereby deleting the following items from the table:

- Perfumes and toilet waters
- Beauty or make-up preparations and preparations for the care of the skin (other than medicaments), including sunscreen or sun tan preparations; manicure or pedicure preparations
- Preparations for use on the hair excluding herbal hair oil and kali mehndi
- Pre-shave, shaving or after-shave preparations, personal deodorants, bath preparations, depilatories and other perfumery, cosmetic or toilet preparations, not elsewhere specified or included; prepared room deodorizers, whether or not perfumed or having disinfectant properties

This deletion is a consequential amendment as FED stands abolished on these items through the Bill with effect from 02 June 2012.

SRO 599 (I) /2012 dated 01 June 2012

Through this SRO, amendment have been made in the SRO 474 (I) / 2009 dated 13 June 2009 whereby exemption from FED on viscose staple fibre has been withdrawn with effect from 02 June 2012.

SRO 603 (I) /2012 dated 01 June 2012

This SRO rescinds following notifications:

- SRO 807 (I) / 2005 dated 12 August 2005
- SRO 671(I) / 2006 dated 29 June 2006
- SRO 777(I) / 2006 dated 01 August 2006
- SRO 949 (I) / 2006 dated 06 September 2006
- SRO 47 (I) / 2012 dated 20 January 2012

Since the FED stands abolished on lubricating oils and certain other items and FED rates on air travel services are rationalized through the Bill consequently the notifications allowing rebates on lubricating oil, FED on import, supply of solvent oil and the rates of FED on air travel services have been withdrawn with effect from 02 June 2012.

www.imranghazi.com

Customs Act, 1969

Significant amendments

Pakistan Customs Tariff

Section 18E

The Bill proposes to insert a new provision to empower the Board to make changes in the Pakistan Customs Tariff for the purpose of statistical clarity.

Punishment for offences

Section 156

Sr. No. of Table	Nature of offense	Effect of the proposed amendment
8, 89, & 92	If any goods be smuggled into or out of Pakistan, intimidation with offensive weapons, etc.	Punishment of 'whipping' in cases of smuggling, possession or acquiring smuggled goods and armed intimidation of persons engaged in the discharge of duty under Customs Act has been done away with.
45	If any goods have been declared on a goods declaration and it is found that goods not properly declared or concealed.	Offense would be subject to penalty under this bracket in case violation of Sections 79 and 131 is resulted. The references of Sections 79A and 131A stands omitted as these provisions were previously struck out from the statute.
64	If any person contravenes any rules or conditions relating to section 128 or section 129.	Sections 128 deals with transport of goods from one part of Pakistan to another through any foreign territory, whereas Section 129 pertains to transit of goods across Pakistan to a destination outside Pakistan. By virtue of the proposed substitution, the custodian and inland carrier are additionally subjected to imposition of penalty at the rate twice of the value of the goods. Apart from this, the contravention of Sections 128 and 129 of the Act may result in conviction by Special Judge to imprisonment for a term not exceeding five years in addition to confiscation of goods.
101, 102 & 103	Unauthorized access to or improper use or interference with Customs computerized system by any person.	The offense is further elaborated to cover the attempt to make unauthorized access/use or interference with the Customs computerized system.

Power of adjudication

Section 179

Sub-section (1) is proposed to be substituted, which would now empower the Customs authorities to adjudicate on recovery of duty and other taxes not levied, short levied or erroneously refunded in addition to the imposition of penalty in the event of confiscation of goods. Further, the financial limits for adjudication of such cases have also been enhanced with simultaneous defining of additional tiers of the Collector, Superintendent and Principal Appraiser.

Appeals to Collector (Appeals)

Section 193

The Bill seeks to substitute the provisions of Section 193 of the Act to provide right of appeal to the officer of customs also, if aggrieved by any decision or order passed under Section 33, 79, 80 and 179 of the Act. Previously, the officers of customs were barred from the right of filing the appeal and the provisions do not cover the orders passed under Section 33 of the Act. Inclusion of Section 33 would provide remedy in cases where the application of refund has been lodged.

www.imranghazi.com

Appeal to the Appellate Tribunal

Section 194-A

The proposed insertion of clause (a) to Section 194-A of the Act would allow the aggrieved person to file appeal against order passed under Section 179, previously the orders passed under Sections 25D, 193 and 195 were appealable only.

Procedure for sale of goods and application of sale proceeds

Section 201

A new sub-section (1A) is proposed to be inserted to provide enabling provision for sale of goods through electronic means, i.e. facility of e-auction, as prescribed by the Board under the rules.

Maintenance of records

Section 211

Sub-section (1) of Section 211 is proposed to be substituted to additionally require the transport operators (for transit goods) and tracking companies to maintain and keep records and correspondence concerning import, export and transit trade transactions.

Extension of time limit

Section 224

Section 224 of the Act empowers the Federal Government, the Board or the appropriate officer of customs to extend the time limit laid down in any provisions of the Act in genuine cases of hardship, however unlike the other indirect tax statutes, the provision was silent on condonation of delay so caused. The proposed substitution of words 'condone the delay and extend the time limit laid down in the Act or the rules made thereunder' would not only synchronize the provision with other statutes, but also extend the benefit of condonation on time limits prescribed under the Customs Rules, which were not covered previously.

Significant amendments in the First Schedule to the Customs Act, 1969

- The Bill seeks to reduce the customs duty from 25% to 10% to encourage legal import of self-adhesive paper.
- In order to simplify the tariff mechanism, it is proposed to specify levy of customs duty @ Rs. 5 per meter on cinematographic film.
- Following sectors / industries where customs duty is proposed to be reduced from 35% to 30%.

PCT Heading	Description
04.03	Buttermilk, curdled milk and cream, yogurt, etc.

Capital Value Tax

CVT was levied through section 7 of the Finance Act, 1989 on capital value of assets including immovable property. Consequent to the Eighteenth amendment to the Constitution, the right to collect CVT on immovable properties was transferred to the provinces in 2010 with respective laws for collection of CVT passed by the provincial assemblies. However, CVT was not being collected in Islamabad Capital Territory. The Bill now proposes to make amendment for collection of CVT in Islamabad at the rates specified below:

S.No.	Description of assets	Rate of CVT Percent	
1.	Residential Immovable property (other than flats) situated in urban area, measuring at least 500 square yards or one Kanal (whichever is less) and more:		Which ever is higher
	<ul style="list-style-type: none"> Where the value of immovable property is recorded 	2 % of the recorded value	
	<ul style="list-style-type: none"> Where the value of immovable property is not recorded 	Rs.100 per square yard of the land area	
	<ul style="list-style-type: none"> Where the immovable property is a constructed property 	Rs. 10 per square feet of the constructed area in addition to the value worked out above	
2.	Commercial immovable property of any size situated in urban area:		Which ever is higher
	<ul style="list-style-type: none"> Where the value of immovable property is recorded 	2% of the recorded value	
	<ul style="list-style-type: none"> Where the value of immovable property is not recorded 	Rs.100 per square feet of the landed area	
	<ul style="list-style-type: none"> Where the immovable property is a constructed property 	Rs.10 per square feet of the constructed area in addition to the value worked out above	
3.	Residential flats of any size situated in urban area:		Which ever is higher
	<ul style="list-style-type: none"> Where the value of immovable property is recorded 	2% of the recorded value	
	<ul style="list-style-type: none"> Where the value of immovable property is not recorded 	Rs.100 per square feet of the covered area of the immovable property	

The Finance (Amendment) Ordinance, 2012 introduced CVT at the rate of 0.01% on purchase value of shares of a public company with effect from 24 April 2012. The Bill now proposes to enact the levy.

Corporate laws

Some significant changes during last year

Code of Corporate Governance 2012

The Code of Corporate Governance ("Code") 2012 was launched on 10 April 2012. The salient features of 2012 Code in comparison with 2002 Code are as follows:

- At least one independent director while preference for one third of the total board members to be independent directors.
- Criteria for assessment of independence have been substantially expanded.
- Maximum number of Executive Directors has been decreased from 75% to 1/3rd of elected directors including CEO.
- Number of directorships has been decreased from 10 to 7 that a director can hold at the same time. This limit however does not include directorship in listed subsidiaries of a listed holding company.
- Within two years of the implementation of 2012 Code, the Board has to put in place a mechanism for undertaking annual evaluation of the performance of the Board.
- The office of the Chairman and CEO has been separated. The Chairman shall now be elected from amongst the non-executive directors. www.imranghazi.com
- It is mandatory for directors to attain certification under any director training program offered by any institution (local or foreign), which meets the criteria specified by the Commission. Provided that from 30 June 2012 to 30 June 2016, every year a minimum of one director on the board shall acquire the said certification under this programme each year and thereafter all directors shall obtain it.
- The appointment, remuneration and terms and conditions of employment of the Chief Financial Officers (CFO), Company Secretary (CS) and the Head of Internal Audit (IA) shall be determined by the Board. The removal will also be done by the Board for CS and CFO.
- Qualification for Head of Internal Audit (IA) has been introduced. The removal of Head of IA is required to be with the approval of the Board only upon recommendation of the Chairman of the Audit Committee.
- A formal and transparent procedure is required to be followed regarding remuneration of Directors and disclosure of aggregate remuneration in the annual report.
- It is now mandatory for the Chairman of the Audit Committee to be an independent director. The Chairman of the Audit Committee shall not be the Chairman of the Board. Audit Committee shall comprise of non-executive directors.
- The secretary of Audit Committee shall either be the Company Secretary or Head of Internal Audit. However, the CFO shall not be appointed as the secretary to the Audit Committee.
- The Human Resources and Remuneration Committees have been introduced.

For more material visit www.imranghazi.com

- The internal audit function may now be outsourced to a professional services firm or be performed by the internal audit staff of the holding company. In the event of outsourcing the internal audit function the company shall appoint or designate a fulltime employee other than the CFO as Head of Internal Audit, to act as coordinator between the firm providing internal audit services and the board.

Exemption from requirements of section 208 of the Companies Ordinance 1984

Section 208 of the Companies Ordinance 1984 obliges every company making any investment in its associated company or undertaking to seek approval of the shareholders through a special resolution that indicates the nature, period and amount of investment and terms & conditions thereof. Commission is however empowered to exempt the class of companies or undertakings from such restriction.

In supersession of earlier notifications, the Commission has issued SRO 704(I)/2011 dated 13 July 2011 and has exempted following class of companies:

- A banking company duly licensed by the State Bank of Pakistan (SBP), to the extent of investments made in the ordinary course of its business, excluding equity investments;
- A Development Finance Institution duly licensed by the SBP, to the extent of investments made in the ordinary course of its business, excluding equity investments;
- A Non-Banking Finance Company (NBFC) duly licensed by the Commission, to the extent of investments made in the ordinary course of its business, excluding equity investments;
- A NBFC duly licensed by the Commission to carry out Investment |Advisory Services or Asset Management Services, to the extent of investments made in a Collective Investment Scheme being managed by such NBFC;
- A Modaraba Management Company, to the extent of investments made in a Modaraba being managed by such company;
- A holding company, to the extent of investments made in its wholly owned subsidiary; Provided that any disinvestment by a holding company which would reduce its holding in the subsidiary, in which an investment was made pursuant to this exemption, to less than 75% shall be made under the authority of a special resolution;
- A company whose principal business is the acquisition of shares, stock, debentures or other securities, to the extent of acquisition of such securities on behalf of its clients in the ordinary course of its business.
- Associated companies of NBFCs licensed to undertake asset management services for making investment (other than seed capital) in the open end schemes managed by such NBFCs.
- A private company which is not a subsidiary of a public company;

- Companies making investment in the form of deposits with associated banking company duly licensed by the SBP or NBFC duly licensed by the Commission provided that the rate of return should not be less than prevailing market rate of return on similar deposits or borrowing cost of investing company;
- Any investment made by an investment company, as defined in Non-Banking Finance Companies and Notified Entities Regulations, 2008, in accordance with its investment policy given in the prospectus.

Companies (Investment in Associated Companies or Associated Undertakings) Regulations, 2012

Every company making any investment in associated company or undertaking needs to seek approval of the shareholders through a special resolution in prescribed manner.

The Commission has introduced Companies (Investment in Associated Companies or Associated Undertakings) Regulations, 2012 vide SRO 27(I)/2012 dated 16 January 2012. These regulations are applicable to all companies except those specifically exempted by the commission under section 208(2A)(a) of the Companies Ordinance, 1984.

The salient features are given below:

www.imranghazi.com

- Notice of the meeting shall annex statement under section 160(1)(b) of the Companies Ordinance 1984 with exhaustive disclosures whether the investment is in securities, loans & advances or through transfer of liabilities from associated company or associated undertaking.
- Copy of the above notice also to be dispatched simultaneously to the head office of the Commission.
- Director to submit an undertaking to the members that they have carried out necessary due diligence for proposed investment and duly signed such recommendations to be made available for members inspection.
- If director or sponsors have interest in the associated company or undertaking the same need to be notified to the members in notice of meeting.
- In case decision to make investment after special resolution is not implemented (fully or partially) the details thereof to be explained to members.
- Audited latest financial statements of the associated company or undertaking to be made available to members for inspection.
- For investment in unlisted equity securities the fair value shall be determined based on generally accepted valuation techniques and latest audited financial statements in prescribed manner;
- Share deposit money shall be transferred for equity investment only after announcement of the offer for issue of shares and in case shares are not issued within 90 days, such share deposit money shall be treated as loan and interest shall be charged in accordance with section 208.

For more material visit www.imranghazi.com

- For investment by way of loans & advances, rate of interest shall not be less than the rates as prescribed in these regulations.
- Unless otherwise specifically authorized by the members, the special resolution for investment shall be valid for a period of twelve months and shall stand lapsed thereafter.
- No further investment in case of previous investment has been written off, or investing company is already indebted and fair to repay.
- Detailed record to be maintained in the manner as prescribed by the Commission.

Maintenance of websites by listed companies

The Securities and Exchange Commission of Pakistan (“SECP”) through SRO 25(I)/2012 dated 16 January 2012 has directed every listed company to maintain website with effect from 30 April 2012 and provide all relevant information for its shareholders. The website shall contain the following minimum information:

- Site map; and
- Search facility.

www.imranghazi.com

Media

- National / International awards recognition, if any;
- Membership of industry associations and trade bodies, if any;
- Announcements and clarifications issued by the Company; and
- Latest date of updating website.

Economically significant companies to appoint auditors holding satisfactory rating

The SECP through its Notification vide SRO 268(I)/2012 dated 16 March 2012 directed all non listed companies falling under the definition of economically significant companies to appoint the statutory external auditors out of the firms of the Chartered Accountants which hold satisfactory rating under the “Quality Control Review Program” of the ICAP. The requirement shall be effective on or after 1 July 2012.

An entity is considered to be economically significant if it has:

- i) Turnover in excess of Rs. 1 billion, excluding other income;
- ii) Number of employees in excess of 750;

For more material visit www.imranghazi.com

iii) Total borrowings (excluding trade creditors and accrued liabilities) in excess of Rs. 500 million;

Provided that in order to be treated as economically significant any two of the criterion mentioned in (i), (ii) and (iii) above have to be met and that the criteria followed shall be based on the previous year's audited financial statements. Companies can be excluded from this category where they do not fall under the aforementioned criteria for two consecutive years.
